AMERICAN BORDER LEICESTER ASSOCIATION

— BREEDING CERTIFICATE —

A Breeders Certificate must be submitted as part of required documentation when registering sheep under circumstances noted below.

- For use when applicant is not the breeder of offspring being registered, or owner of the sire per ABLA records.
- When bred ewes (dam) are purchased, or a ram (sire) is leased/borrowed.

If the ram to which your ewe(s) was/were mated was not owned by you at the time the mating occurred, you must have a statement from the ram's owner certifying to the fact that his/her ram did breed certain ewes. This certificate must accompany registration applications for lambs produced from these matings.

This is to certify that on _____date(s) I owned the registered Border Leicester ram with ear

tag number_____, Registry/Tattoo number _____, and that on that(those) date(s)

he did service the following registered Border Leicester ewes.
